

Says WILL ROGERS

BEVERLY HILLS.—Well all I know is just what I read in the Papers. There is some pretty big stuff in the papers nowadays, but its kinder under cover. Did you ever kinder stop to figure it out, this old World of ours as a whole is not sitting so pretty just at the present time. Did you know that there is an awful lot of parts of Europe that is just sitting on what the old time Orator used to call a Powder Keg? Well it is.

We cant pick up a paper that from one to a hundred don't prophesy that Prosperity is just around the corner. But let me tell you that war is nearer around the corner than prosperity is. I dont mean so much for us right here. But I mean over in Europe. That Russia is kicking up an awful lot of dust, and Germany is harboring a terrible lot of dissatisfaction. That Hitler has got em all stirred up over there. He made a speech last week in which he advocated the breaking of the Versailles Treaty. He said that it was made by a lot of old men, who most of them were about ready to die, and now here was a lot of young men grown up and they had to carry all this burden, for which they were not directly to blame, and that it was only a matter of time till they would do it. They would say, "Well come on France, what are you going to do about it? We cant be any worse off if you come in and take over our Country than we are now."

Then those little Balkan Nations, they are like a little mess of stray Terriers anyhow, they just as well be fighting as like they are. This has been about the longest they have ever been between wars. I see the other day where Russia was just on the verge of invading Roumania. They have always had it in for them and figured they only had to take a couple of days rations and rounds of ammunition and go over and take that Country anyhow.

Russia and Poland are always on the verge of war. I remember when I was over in both countries in the summer of 26, why they were growling at each other like a couple of Fat Prima Donas on the same Opera bill.

Austria, they just been so bad off since the last war that they know there would be no way that war wouldnt be welcome to them. Bulgaria has started all the rest of them, her and Serbia, and they dont want to lose their reputations, they want to go down in history as having started all the big ones.

Then Italy is ranting around down there trying to pick up some more country and outlet for their population. France is watching them with an Eagle eye all the time, and thats just what Mussolini wants, he had rather worry France than anything. France feels that she would have no trouble whipping them, but if she went down there to do it, Germany would take that opportunity and get at them and she just dont want to have to take the chance. Then the Checho-Slovaks feel kind of hemmed in down their way, and of course the Turks, there is nothing that irks a Turk so much as peace.

Lots of pretty smart men think that is one of the biggest contributing factors to our present state of economic unrest, is that all big finance is afraid of what will happen in the near future, and they dont know where it will end up. Thats why everybody is hanging on to what they got. There is more in the wind than just our little local condition over here. We got as much as we ever had, there is just as much money, as many to eat, and as many to feed, as many to buy. But still our conditions are uncertain. Why? Just because its thing outside our own land that is worrying em. They know that signs are not right all over the World. Look at South America. When during our lifetime has there been as many disturbances at one time? No Sir the whole thing is world wide, we are affected by it less than anyone.

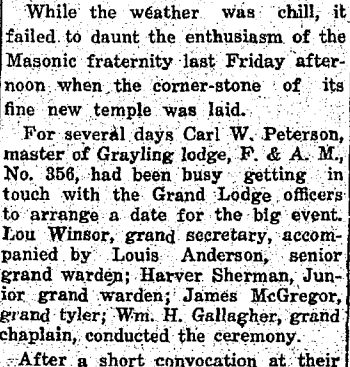

If we keep our nose clean and dont start yapping about somebody elses honor, or what our moral obligations are, we might escape it. But its going to take better State-manship than we have been favored with heretofore. But the way we are now we are mighty lucky to have nothing but a little business depression that is bothering us. But think what those other poor Devils are up against.

I dont know whether my old friend, Knute Rockne, and Notre Dame are going to win the world's championship again this Fall or not, but he deserves it if they dont win another game. For, they are the only big team in the United States that starts playing tough teams right from the jump. These other teams play Rotary clubs and business colleges till about Thanksgiving, then have one tough game.

Knute thinks if you got a football team, it ought to be a football team from the Fourth of July to Xmas.

MASONIC CORNER-STONE LAID

While the weather was chill, it failed to daunt the enthusiasm of the Masonic fraternity last Friday afternoon when the corner-stone of its fine new temple was laid.

For several days Carl W. Peterson, master of Grayling lodge, F. & A. M., No. 356, had been busy getting in touch with the Grand Lodge officers to arrange a date for the big event. Lou Winsor, grand secretary, accompanied by Louis Anderson, senior grand warden; Harver Sherman, Junior grand warden; James McGregor, grand tyler; Wm. H. Gallagher, grand chaplain, conducted the ceremony.

After a short convocation at their temporary temple in Odd Fellow hall, the members of the fraternity headed by Grayling band, marched to the new temple, and occupied the temporary platform. Musical numbers were provided by Mrs. Clippert, Mrs. Milnes and Mrs. Jarmin, the former accompanying at the piano and taking part in the singing.

At the order of acting Grand Master Louis Anderson, a declaration was issued by Lou Winsor, acting grand senior deacon, stating the purpose of the gathering. The regular masonic ceremony for the laying of a corner-stone was carried out. Others assisting the Grand officers in the work were M. A. Bates, acting grand junior warden; Harold Jarmin, and John Bruun, acting grand stewards; Geo. N. Olson, acting grand treasurer; R. V. Gay, architect of the building, and Fred R. Welsh, chairman of the building committee.

Grand Treasurer Geo. N. Olson, presented the Grand Master with a ritual box that contained the material things that were to be enclosed in the corner-stone of the temple. The list was read by the Junior Grand deacon and was as follows:

List of Articles in Corner-Stone Box  
Copy of By-Laws of Grayling Lodge No. 356 F. & A. M., adopted 1924.  
List of Officers for the year 1930.  
List of all members Master Masons Fellowcrafts and Entered Apprentices.  
Picture of former Masonic building burned April 19th, 1930.  
Board of Trade pamphlet, advertising Grayling, Mich., in 1930.  
Postcard notice of laying of the corner-stone.  
Copy of program of Past Master meeting held April 11th, 1929 A. L.  
List of names of first Officers at first meeting held March 10th, 1881.  
List of names of all former Worshipful Masters of Grayling Lodge 356.  
Names of all Grand Officers participating in laying corner-stone.  
One copy of Crawford Avalanche of April 24th, 1930, containing account of the burning of former building on April 19th, 1930.  
One copy of Crawford Avalanche of October 16th, with account of the laying of corner-stone.  
Postage stamps of the current issues and stamped envelopes.  
Names of Architects and Contractors of present building.  
Charm compass and souvenirs together with signature of our deceased brother and life member, Rasmus Hanson.  
List of County and City officials for the year 1930.  
Circuit Court calendar, October term, 1930.  
Digest of Hunting and Fishing laws, 1930.  
Gold Square and Compass from the Master of Grayling Lodge No. 356 presented to the Master of the Masonic Lodge who may be called upon to open the corner-stone in some future time.  
Card and signature of Life Member.

ber, Henry A. Bautman, member since 1889.

The box was enclosed within the crevice of the granite rock that was to stand as the corner-stone of the temple. On the front side of the stone was engraved: Grayling Lodge F. & A. M., 356, 1882-1930. Also the symbols of the order, the square and compass.

There was a good crowd out to witness the ceremonies, several coming from Roscommon and Gaylord.

O. E. S. Serve Banquet

After a cold, chilly afternoon and the coming of the season's first snow flurries, a good banquet was most welcome. The ladies of the Eastern Star provided a fine banquet for the Masons and their wives at Michelson Memorial church. The tables were pretty well filled.

Carl Peterson, master of Grayling lodge, acted as master of ceremonies introducing for the first number, Mr. John W. Pennycook, Cadillac, who rendered a number of vocal baritone solos. He was accompanied on the piano by Mrs. Clippert, the latter also assisting in a vocal duet. These numbers were especially appreciated.

Pastmaster M. A. Bates told of some of the pastmasters of the early days. "The principles of Masonry become more beautiful as the years pass, and it seems to me that the foundations upon which the order is founded must have the endorsement of the Almighty." He stated that we would soon have a fine temple home of our own.

Mr. Fred R. Welsh, chairman of the building committee, said that the other members of the building committee were just as much deserving of credit as he. The others on the building committee are T. P. Peterson, M. A. Bates and Carl Peterson. Mr. Welsh also would give credit to Mr. Gay, the architect, Peterson & Westberg, contractors and E. J. Morgan, plumbing contractor. All are doing good work.

RED ARROW AUCTION ATTRACTS CROWDS

Hundreds of people crowded the Temple theatre last Friday night at the first Red Arrow auction, and learned how this fascinating game, sponsored by local merchants, functions.

Many were the happy winners of high grade merchandise given in exchange for Red Arrow money. If remarks heard were any criterion we would say that the day of the Red Arrow money began is gone. Remarks such as: "I'll bid my own money the next time," "Let someone try to get my money next month," etc., were heard as we mingled among the crowd attending.

There were bargains galore. In the case of the Auto Jack from Alfred Hanson's, Stanley Udell was high bidder at \$1.55, and then he didn't show up at the Auction to claim it. In the open auction this same jack was bid in at \$20.00.

Miss Edith Bidvia, our own MISS GRAYLING, was the lucky bidder on the Ladies Hat from Cooley's Gift Shop, securing same for \$53.90. The high bid of the month was \$200.00 paid by E. N. Darveau for the Spot Light. Probably the best buy of the evening was a \$3.35 Electric Toaster from Grayling Hardware Co. which went to Mrs. Ernest Borchers for \$5.55 in Red Arrow money.

Before the auction Mr. Hans Peterson welcomed the crowd for the local club members, and then introduced Mr. R. R. Minton of The Red Arrow Service Company who gave a full explanation of how Red Arrow functions.

After the Auction was concluded we were dancing until 12. We would say that this first of a series of entertainments went off with a bang. Following is a list of the articles sold, together with the names of the successful bidders and their bids.

HIGH SCHOOL BEGINS BASKET BALL PRACTICE

Coach Cushman rounded up some of his old reliables and many new players and Monday night the regular practices for the High School basketball season began in earnest. Little can be said at the present just what sort of a team Grayling will have this year, as it will be the first year or many of the players, however we feel confident that with Coach Cushman at the helm Grayling High will have another winning team.

Following is the schedule for the season:

Dec. 5—Atlanta, here.  
Dec. 12—Alumi, here.  
Dec. 15—Alpena, there.  
Jan. 9—Gaylord, there.  
Jan. 16—West Branch, here.  
Jan. 23—Atlanta, there.  
Jan. 30—Roscommon, here.  
Feb. 6—Roscommon, there.  
Feb. 13—Gaylord, here.  
Feb. 20—West Branch, there.  
Feb. 27—Open.

CLASS RUSH TO BE HELD TODAY

SCHOOLS HOLDING FOURTH ANNUAL INTER-CLASS ACTIVITY DAY

Today the school is holding its 4th annual class rush, that has been looked forward to with a lot of enthusiasm since school began by the various classes who will take part.

One of the features will be a tug of war between the seventh and eighth grades. The two classes will use the sitting pull for 5 minutes at which time both sides will stop and get to their feet and then continue until a victory is declared by officials.

The Senior-Junior rope-tie is bound to be interesting.

Each member of both classes will have a rope not over 5 feet in length and not less than 1/2 inch in diameter, the purpose of which will be to tie members of the opposing class. The time will be 15 minutes. The class having the greater number of the opposition tied will be the winner.

In the Horse Riding event, each class may select one player. The horse will be 4 feet from the ground and shall be a peeled log on legs. The players may use any means excepting hitting and kicking their opponent.

Freshman-Sophomore Flag Rush

The pole to be at least 14 feet in length above the ground and have a diameter of at least 4 inches, and not more than 8 inches, and is furnished by the Sophomore class.

The flag is green and white and furnished by the Freshman class. It is suspended to the pole by an official and shall not be more than 12 feet or less than 11 feet from the ground, and shall not require more than a 2 lb. pull to loosen. The flag will take place in a 40 ft. circle. Anyone who leaves the circle of his own accord will be ineligible for further competition. Neither side is to use mechanical means or use any tactics not approved in football with the exception that the offensive side may hold, but the defensive side may not hold. Disqualification is the only penalty that will be inflicted. The side losing the rush will wash all dishes after the banquet that will be held this evening.

M. S. H. A. A. will apply to all activities.

FIVE AMENDMENTS TO BE VOTED ON

The voters at the election November 4th will be confronted with an amendment ballot containing five proposed constitutional amendments. These amendments are being published in full elsewhere in this issue of the Avalanche. Voters should take time to read them over carefully and familiarize themselves with their provisions before casting this ballot. All are of importance. Some should be approved and, we believe, some should be voted down.

The first amendment is relative to the providing for the election of Township officers. If passed this amendment will authorize boards of supervisors in counties having an assessed valuation of not less than one hundred million dollars to determine that the township officers in such counties may be elected for two years at each general November election and that the Legislature may provide for the appointment of a highway commissioner by the township boards instead of electing a commissioner of highways. This amendment would have no effect on counties such as ours and its adoption, as far as we can see would do no harm.

The second amendment will provide that the State may be a party to, or interested in improving rivers and streams for the purpose of drainage only. If adopted the amendment will permit appropriations by the legislature for the deepening, straightening and widening of rivers and other streams. It would provide the greatest opportunity possible for log-rolling and spending ever given any legislature of recent years. A similar provision in the constitution in 1835 nearly wrecked the state because of the flagrant extravagance which followed. It was later stricken from the constitution.

This amendment should be defeated.

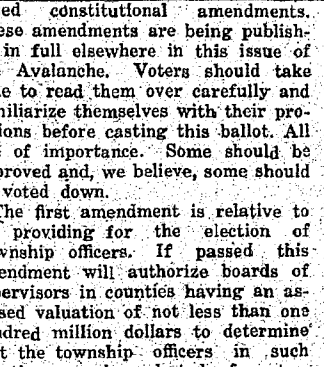

The third amendment is in reference to increasing the homestead exemption to \$3,000. If adopted would increase the exemption from \$1,500 to \$3,000 the amount of homestead exemption in real estate. This may be beneficial to the rights of homesteaders.

The Fourth Amendment

This is relative to "The Number and Apportionment of Representatives and Senators in the State Legislature."

## SUPERVISORS IN SESSION

The regular annual session of the Board of Supervisors is now being held at the Court House. They met for one day last week but recessed because of the circuit court. Now they are getting all preliminaries pretty well taken care of and are ready to clean up some of the business that comes before the session. Chairman Rufus Edmonds of Maple Forest says that there are a lot of matters to come up this term and that the session may run well into next week.

Preliminary to their business sessions committees have been inspecting the county institutions. The entire board inspected the county infirmary and Mrs. Chappel served them a fine dinner Tuesday noon that some of the members are still talking about. They found that place and the jail and court house in excellent condition and well kept.

The cutting down of salaries of the county officers is being contemplated and it is causing no little consternation on the part of the candidates now running for election.

A new supervisor now occupies the seat held by Albert Lewis. Upon our own shop. Broken glasses repaired by mail.

## SCHOOL NOTES

### Commercial Department

The Bookkeeping class is starting the first set this week. Up to now the work has been principles and practice exercises.

This year typing students are required to have two hours of practice daily. Comparing the speed tests of beginning students last year who had one hour practice with this year's group, we find this year's average running very much higher.

Gail Welsh, however, breaks all our records. She began typing last January and has already earned her credit by typing 42 words a minute during a fifteen minute test.

Students in the Junior Business Training class have no opportunity to keep any office in order, nor do the office boy tasks, so we have been doing the nearest thing to it. Every week one student dusts and arranges the commercial room for the day's work and runs any errands that may be needed.

### Doings Of The Northerlights

The first basketball practice was held last night at 4:00 o'clock. A good number of the boys turned out, but the question is—will they stay?

Coch Cushman said that there is good hope of a winning team if the boys really work. If not a winning team, it will be a fighting team, anyway.

If it is true that every pupil bears away with him, and makes part of himself forever, some portion of his teacher, it is true then that the teacher himself moves and lives, acts and speaks through his pupils, wherever they may go.

### Fourth Grade

(Miss Hermann, teacher)

We have changed the furniture in our room around. We like it much better.

We have divided our room into two teams. One is called "Wide-Awake Town" the other "Sleepy Town." For every week of perfect attendance we get a large star. The team getting the least stars must give a gift to the team having the most stars.

We are enjoying a study of the new and old travel. We have found many nice pictures and stories telling how our grandparents went from one place to another.

Some of us expect to get stars on our report cards this month for keeping them neat and clean.

Valeria Moir.

## Hospital Notes

Mrs. Elsie Jennings of Saginaw, who has been a patient for about three weeks was dismissed Wednesday and returned to her home.

Edwin Durand of Cheboygan underwent an operation Tuesday of last week and is getting along nicely.

William McNeven entered the hospital Sunday morning, seriously ill and is receiving treatment. He is getting along nicely at present.

Mrs. Arnold Burrows is being dismissed today after being a patient for a couple of weeks, having undergone an operation.

Sister Mary Stella and Sister Mary Gerard left for Muskegon Tuesday, the former having been called there by the death of a brother.

Orville Smith, who had been a patient at the Hospital for the past three months was dismissed Monday and returned to his home in Petoskey.

Mr. Smith, who was employed by the McManis Auto Sales Co. was seriously injured about the head and face when his automobile was struck by another. It was thought when he was first brought to the hospital that he would not get well, but he has made a most satisfactory recovery.

Mrs. Mary Bleachie returned to her home in Marcellona Tuesday, having been a patient for a couple of weeks receiving medical treatment.

Mrs. Stanley Breagh of Houghton Lake who underwent an operation for appendicitis a couple of weeks ago made a very fine recovery and returned to her home Monday.

Mrs. Thomas Wakeley is a new patient.

Hamilton J. Erwin of Houghton Lake is recovering slowly. Mr. Erwin was injured in an auto accident about three weeks ago, but was not brought to the hospital until a week ago, coming in in an unconscious condition.

### LOVELLS NEWS

Clarence Stillwagon and Edgar Caid went to Detroit to get their families who were visiting there.

Charles Douglas of Detroit is visiting his mother, Mrs. Joseph Douglas. Some of the Lewiston ladies spent an afternoon with Mrs. A. R. Caid. They visited and tied off some quilts.

A. R. Thomson, Leonard Clemeth, Carl Tuttle and James Tuttle of Detroit, spent a few days at the Big Creek club.

Mr. J. Anderson of Detroit spent the week end with his family. A party of hunters spent a few days at the new club known as the Cabin Ranch Club.

Mrs. Lola Gregg of Grand Rapids is spending the winter with her children, Mr. and Mrs. Glen Gregg.

William Burnside and Ted Burnside of Bay City were visitors in Lovells. The gentlemen used to live in Lovells when they were children.

Mrs. Bill Caid visited her parents in Lewiston a few days ago.

Alfred Hanna and Albert Balbricht of Ohio are visiting in Lovells. Florence Kellogg who is attending school in Grayling, spent Sunday with her parents, Mr. and Mrs. J. E. Kellogg.

### Comstock, Brucker, Gorman, To Make Banquet Lively

With Wilber M. Brucker and William Comstock, democratic and republican nominees for governor, scheduled for speeches, and Mike Gorman of the Flint Journal on the slate as toastmaster, the annual banquet of the East Michigan Tourist Association and the North Eastern Michigan Development Bureau, October 23, promises to be a lively affair.

Neither Mr. Brucker nor Mr. Comstock will be permitted to make a political speech, and it will probably be up to Mr. Gorman, renowned for his wit, to determine their subjects for the evening. Both candidates are products of East Michigan and should have some ideas on tourists and tourist business as well as internal development of this territory.

Besides these three headliners, several humorous skits have been booked, calculated to make all those who have reservations glad to be there.

Last year more than 450 men were present at the dinner, and indications are that that number will be equalled if not excelled this year.

That Northern Air Must Get Some Credit

Maybe it's the fault of the AuSable River air. But, use it to argue as you will, I ate enough in two meals in one particular town up north last week to give some farmer a lot of extra profit on his butter, eggs, milk and vegetables. And I'm only half-tourist.

Hunters For Scenic Beauty Can Find It Here Now

Not all the hunters who are touring into East Michigan now are looking for birds. Though there are plenty of them. Week-end tourists—most of them from counties in our own state—are finding the most gorgeous strips of the year through our woods and hills. And I submit to you, that no matter what state you have travelled in and raved about, you'll find greater joy in the colorful beauty of East Michigan this month. Start! Give yourself a thrill! Flaming reds

and burning orange, pale yellows, heightened greens of pine and spruce, the purples on distant woods painted by October haze, make the lovely vistas on these perfect highways far beyond anything that summer can offer. I know, because I just returned from such a trip.

### One Tourist Camper Buys A Farm For \$4500

We don't mean that there's only one that ever did it. We hear of them constantly. But this is the latest one we've been told about. She was camping in a state tourist park. She approached a banker of the town and asked him for the loan of \$75. She and her husband were camping and were out of funds. The banker took a chance and made her the loan. A short time later, he received his money. The next season, while he was wandering about the same park, looking at the tents and out-of-state license cars, the same woman spoke to him. "We're back again! And this year we bought a farm." "Bought a farm? Where?" "Right here in this county. Woods, stream, a bit of shore front on a lake. Paid \$4500 for it. We sold our little store in Detroit, and now we're going to move up with our family." Which they did, and have been up here ever since, paying good taxes. And still there are those who shrug a shoulder at the value of campers to this territory!

Cottagers For Two Weeks More Than Pay County's Membership

If only boards of supervisors and others who belong to our association would look through the other end of the telescope. For example: a certain county clerk told a certain board of supervisors last week that last summer he had secured a cottage for a family who wrote from Ohio looking for a vacation spot. When they came, they brought another family with them, and stayed two weeks. The amount of money spent by those two families in the two weeks' stay, according to the county clerk, would more than pay the county's appropriation to the E. M. T. A. And that's only one example out of thousands in that one county.

"DAD" BOWERMAN AT BAT

Echos From Tom Stevens' Otsego's Ball Team

Did you recognize that familiar smile on the grizzly old map of good natured old "Dad" Bowerman the other day in the Detroit News? He was along with a lot of old-time baseball players playing exhibition ball in Detroit this week. Sort of brings back the days when he was star catcher for Henry Stevens' baseball team when millionaire Henry had a standing proposition with all pitchers that if they struck "Dad" out, a nice new crisp ten dollar bill was theirs. We sneaked into a ball game at the tannery once when left-handed Lee Lawler accomplished this in the first inning of the game; "Dad" immediately went on a rampage and as a result, in three times up to bat he proceeded to punish Lee's pride by slamming the ball for circuit clouts over the bark piles in center field. Boy, he was a base ball player and how! He seemingly hasn't changed

a bit from the days when a keg of beer went to the winners. "Dad's" home is in Romeo, Mich., a quite little home just in the city limits on the road to Detroit. We'll bet a two cent piece he caught the games like the old veteran he is—Bambings, Cheboygan Observer.

## Outstanding features of the new Chevrolet 6-cylinder truck

To every man who buys trucks, there are certain features in the new 1½-ton Chevrolet that recommend it especially for modern hauling.

The rear axle is larger, heavier and more durable. The rear brakes are larger, and all four brakes are completely enclosed. Chevrolet's 50-horsepower valve-in-head six-cylinder engine combines modern performance with un-

excelled economy. Dual wheels, along with six truck-type cord tires, are optional equipment at slight extra cost. In addition, the new heavy-duty truck clutch, the 4-speed transmission and the heavier, stronger frame are factors of outstanding importance to the modern truck user.

# AMENDMENTS

## To Be Voted on at the General Election, Tuesday, November 4th, 1930

### PROPOSED AMENDMENT TO THE CONSTITUTION

Relative to  
Providing for the Election of Township Officers

Amendment to Section 18 of Article VIII of the Constitution relative to election of Township Officers.

Section 18. There shall be elected annually, on the first Monday of April in each organized township, one supervisor, one township clerk, one commissioner of highways, one township treasurer, not to exceed four constables, and one overseer of highways for each highway district, whose powers and duties shall be prescribed by law. Provided, That in counties having an assessed valuation of not less than one hundred million dollars as determined by the state board of equalization, such township officers may, in the discretion of the board of supervisors of such county, be elected at each general biennial election on the first Tuesday after the first Monday in November of even numbered years. The legislature may by general law provide for the appointment by the township board of each organized township of one commissioner of highways, whose powers and duties shall be prescribed by law.

### PROPOSED AMENDMENT TO THE CONSTITUTION

Relative to  
Increasing the Homestead Exemption to Three Thousand Dollars

Amendment to Section 2 of Article XIV of the Constitution relative to increasing the homestead exemption to three thousand dollars.

Section 2. Every homestead of not exceeding forty acres of land and the dwelling house thereon and the appurtenances to be selected by the owner thereof and not included in any town plat, city or village; or instead thereof, at the option of the owner, any lot in any city, village or recorded town plat, or such parts of lots as shall be equal thereto, and the dwelling house thereon and its appurtenances, owned and occupied by any resident of the state, shall be exempt from forced sale on execution or any other final process from a court to the amount of not less than three thousand dollars. Such exemptions shall not extend to any mortgage thereon lawfully obtained, but such mortgage or other alienation of such land by the owner thereof, if a married man, shall not be valid without the signature of his wife to the same.

### PROPOSED AMENDMENT TO THE CONSTITUTION

Relative to  
The Number and Apportionment of Representatives and Senators in the State Legislature

Amendment to Sections 3 and 4 of Article V of the Constitution relative to number and apportionment of representatives and senators in the state legislature.

Section 3. The house of representatives shall consist of one hundred members. Representatives shall be chosen for two years and by single districts, which shall contain as nearly as may be an equal number of inhabitants and shall consist of convenient and contiguous territory; but no township or city shall be divided in the formation of a representative district, except that when a city is composed of territory in more than one county, it may be divided at the county line or lines. And provided, That in the case of cities hereafter organized or created or territory annexed to an existing city, the territory thereof shall remain in its present representative district until the next apportionment. When any township or city shall contain a population which entitles it to more than one representative, then such township or city shall elect by general ticket the number of representatives to which it is entitled. In every county entitled to more than one representative, the board of supervisors shall assemble at such time and place as shall be prescribed by law, divide the same into representative districts equal to the number of representatives to which such county is entitled by law, and shall cause to be filed in the offices of the secretary of state and clerk of such county a description of such representative districts, specifying the number of each district and population thereof, according to the last preceding enumeration.

Section 4. At the first regular or special session of the legislature following the enumeration of the inhabitants of this state in each United States decennial census, the legislature shall by law in accordance with the provisions of this constitution rearrange the senatorial districts and apportion anew representatives among the counties and districts, according to the number of inhabitants, using as the basis thereof said preceding enumeration; provided, however, that if the figures as to the population of this state by counties according to said enumeration are not available before or during such session, then the legislature shall carry out the provisions of this section at the first regular or special session following the time when such figures are available. If, for any reason the legislature shall not comply with the provisions of this section, then the secretary of state shall forthwith so re-arrange said senatorial districts and apportion anew the representatives in the legislature. Immediately after the secretary of state has performed the duties hereinbefore required of him, he shall file in his office a certificate showing the territory included in each senatorial district and showing the apportionment of the representatives among the several counties and districts, and such rearrangement and apportionment shall become effective at the time of said filing. Such certificate shall be included in the next succeeding publication of the public acts. When senatorial districts have been rearranged and representatives apportioned anew and any county divided into state representative districts by the board of supervisors, the same shall not be altered until after the enumeration of the inhabitants of this state in the next United States decennial census.

### Referendum on Proposed Law to Impose a Specific Tax Upon the Sale, Etc., of Cigarettes

An act to impose a specific tax upon the sale, gift, exchange, barter or distribution of cigarettes in this state; to provide for the collection of such tax and the disposition thereof; and to prescribe penalties for the violation of this act.

The People of the State of Michigan enact:

Section 1. Every person, firm, association or corporation, selling or engaging in the business of selling cigarettes in this State, shall pay to the state a specific tax on all cigarettes sold, given away, exchanged, bartered, at the rate of one cent on each ten cigarettes or fractional part thereof. Only one sale of the same article shall be used in computing the amount due.

Section 2. The tax hereby imposed shall be paid and the stamps hereinafter provided for shall be affixed or attached by the person having possession or ownership of such cigarettes to every package of cigarettes before the same is distributed, sold or given away in this state, unless such stamps shall have been affixed or attached thereto by the manufacturer or distributor of such cigarettes.

Section 3. The tax hereby imposed shall be paid by the purchase of stamps from the secretary of state, of such design and denominations as shall be prescribed by him. Unless such stamp is already affixed, each dealer, distributor or manufacturer in this State shall affix to each package of cigarettes the stamp so purchased from the secretary of state, which stamp shall be in the amount of the tax upon the contents of such package. The stamp so affixed shall be prima facie evidence of payment of the tax imposed by this act. Any person who shall open any package of cigarettes or remove any of the contents thereof without the stamp required by this act having been affixed to said package, or any person who shall open any package of cigarettes or remove any of the contents thereof, unless the stamp shall have been cancelled, mutilated or destroyed, shall be guilty of a misdemeanor, punishable by a fine of not more than ten dollars and costs of prosecution, or by imprisonment in the county jail not more than ten days, or both, in the discretion of the court.

Section 4. It shall be unlawful for any person to sell, offer for sale, display for sale, barter, exchange or give away any cigarettes in this state without there having been first affixed to each individual package of cigarettes the stamp required to be affixed thereto by this act. Any person who shall violate any of the provisions of this section shall be deemed guilty of a misdemeanor, punishable by a fine of not more than one hundred dollars or imprisonment in the county jail not more than ninety days, or both, in the discretion of the court.

Section 5. Any person who shall falsely or fraudulently make, forge, alter or counterfeit any stamp prescribed by the Secretary of State under the provisions of this act or who shall cause or procure to be falsely or fraudulently made, forged, altered or counterfeited any such stamp, or who shall knowingly and wilfully utter, publish, pass or tender as true any false, altered, forged or counterfeited stamp prescribed by the secretary of state under the provisions of this act, or who shall knowingly possess any such false, altered, forged or counterfeited stamp, or who shall use more than once any stamp provided for and required by this act for the purpose of evading the tax hereby imposed, shall be deemed guilty of a felony and upon conviction thereof shall be imprisoned for a term of not less than one year and not more than ten years.

Section 6. Whenever the secretary of state or his assistants shall discover any cigarettes subject to tax as provided by this act, and upon which the tax has not been paid as herein required, said secretary of state or his assistants are hereby authorized and empowered to forthwith seize and take possession of such cigarettes which shall thereupon be deemed to be forfeited to the state, and the secretary of state may within a reasonable time thereafter by a notice posted upon the premises where such seizure is made, or by publication in some newspaper having circulation in the county where the seizure is made, at least five days before the day of sale, sell such forfeited cigarettes, and such sale shall be deemed to be payment to the State of the taxes due and the cost incurred in the collection thereof; Provided, however, that such seizure and sale shall not be deemed to relieve any person from fine or imprisonment provided herein for violation of this act. Such sale shall be made in the county where most convenient and economical. All moneys received or collected under the provisions of this act shall be deposited in the state treasury and credited to the general fund and shall be available for any purpose for which such general fund is made available by law.

Section 7. It shall be the duty of the secretary of state to enforce and administer the provisions of this act; to design, procure, furnish and sell the stamps herein provided for, to collect and keep a record of all taxes collected and stamps sold under the provisions hereof; to promulgate such rules and regulations as may be necessary to carry out the provisions of this act, and the said secretary of state is hereby authorized to employ such assistants as may be necessary to administer the provisions hereof.

Section 8. The secretary of state or his assistants are hereby authorized and empowered to examine the books, papers, and records of any distributor or dealer in this State for the purpose of determining whether the tax as imposed by this act has been fully paid, and shall have the power to investigate and examine the stock of cigarettes in and upon any premises where such cigarettes are possessed, stored or sold, for the purpose of determining whether the provisions of this act are being obeyed.

Section 9. The provisions of this act are severable and if any part, section or sentence thereof shall be held unconstitutional or invalid, the same shall not affect the validity of any remaining portion of this act.

Section 10. As used in this act:

(a) The word "person" shall be construed to mean and include persons, firms, associations and corporations;

(b) The word "distributor" shall be construed to mean and include every person who engages in the business of receiving or importing cigarettes and making the original sale or gift thereof in this state;

(c) The word "dealer" shall be construed to mean and include every person other than a distributor who sells, offers for sale or engages in the business of distributing or selling cigarettes in this state;

(d) The word "sale" shall be construed to mean and include gift, exchange, barter, offer for sale and distribution;

(e) The word "cigarette" shall be construed to mean all tobacco or any mixture of tobacco and other ingredients rolled in paper or in any substitute other than tobacco.

### A BELLANCA AIRPLANE IS ADDED TO SHELL'S FLEET

The Shell Petroleum Corporation have again evidenced their belief in the future of aviation by adding a Bellanca Skyrocket to their fleet of aircraft. They recently lost their tri-motored Fokker in a million dollar fire at the Chicago Municipal airport. With the Bellanca, Lockheed-Vega and Travel-air "Mystery" Ship this company has available at all times, fast air transportation for its officials to enable them to keep in close touch with their far-flung interests.

The plane is now being built at the factory of the Bellanca Aircraft Corporation, at Newcastle, Delaware and will be flown from the factory to Lambert-St. Louis Field, by Milton Gorton, widely known aviator of the Shell Company, and regular pilot of the new ship.

The new Shell plane purchased at an approximate cost of \$19,655.00 is of the same type as the Bellanca ship "Columbia" used by Clarence Chamberlain in his trans-Atlantic flight, and again by Captain Byrd in his recent flight across the Atlantic from Haver Grace, Newfoundland to the Selly Islands. However, it is pointed out that the Bellanca "Skyrocket" has a much higher power rating than has the "Columbia."

The "Skyrocket," a 6-place, high-wing, cabin monoplane, is powered with a 425 horse-power 9-cylinder Wasp motor. It has a maximum speed of 155 miles per hour, a cruising speed of 125 miles per hour, and a landing speed of 48 miles per hour, which is low, it is said, considering the plane's high maximum speed. The ship has a cruising radius of 6 hours or a distance of approximately 750 miles. Its capacity for climbing is 1200 feet per minute. The overall length of the ship is 27 feet and 9 inches and its wing spread is 46 feet and 4 inches. The gas capacity is 120 gallons, 55 gallons being carried in each of the two wing tanks, in addition to 10 gallons carried in the emergency tank in the center section.

The new plane has special equipment for night flying including reclining chairs and a full sized couch. Other special equipment includes a starter, an earth inductor compass, disappearing landing lights located in the wings, and a complete hot and cold water system. Interior is upholstered in gray-striped Bedford cloth.

### Before Advent of Chairs

Chairs did not come into general use until the sixteenth century. Prior to that the chest, the bench and the stool were the seats of everyday life.

### Cricket "Alarm Clock"

A novel custom among the Japanese is the keeping of singing crickets which they use like watch dogs—only the warning of the cricket is directly opposite from that of the dog, writes Raymond L. Dittmar, naturalist, in Boys' Life. The crickets are kept in cages not unlike bird cages and sing all through the night. When some body walks across the floor, which shake because they are held on bamboo rods, the vibration frightens the crickets and they stop singing. Then everybody wakes up—from the unusual silence.

### Bees Not Wax Collectors

It is a common mistake to suppose that honey bees collect wax from flowers. Beeswax is a product of digestion and is secreted by the workers in the form of tiny scales which appear between the segments of the under side of the abdomen. The notion that bees collect wax from flowers undoubtedly arose from the fact that they collect pollen, which is carried to the hive in small masses attached to the hairs of the hind legs. This pollen, often confused with wax, is converted into bee-honey by mixing it with honey.

### AGAIN KONJOLA TRIUMPHS OVER STUBBORN CASES

New Medicine Quickly Ended Severe Rheumatism. Also Kidney Troubles

MR. SAM ABOOHAMAD

"I was trying constantly to find something to relieve me of severe attacks of inflammatory rheumatism," said Mr. Sam Aboohamad, 1427 East Jefferson avenue, Detroit, Michigan. "My limbs would swell, sometimes, in fact, the swelling would spread to my entire body, and I suffered terrible agony. During the past few months my kidneys also, caused me trouble. Sleep—that was unknown to me. The first three bottles of Konjola greatly reduced the swelling and relieved the pain. I continued with this medicine and today I am a well man. The rheumatism is gone and the kidney troubles have been corrected. It has increased my appetite, I am gaining in weight, and feel 100 per cent better in every way."

Konjola does no time in getting to work; many are amazed at the quick results, but it is best to take a full treatment of from six to eight bottles for best results.

Konjola is sold in Grayling, Michigan at the Mac & Gidley drug store and by all the best druggists in all towns throughout this entire section.

### POPULAR "BETTY CO-ED" REQUEST NUMBER ON SHELL PROGRAM

Intense Interest In Football Creates Big Demand For Fogarty-Rudy Vallee Campus Hit

With the 1930 football season at its height and with interest in the coming gridiron battles at fever heat, there has come a big demand for college songs as radio entertainment and for use via radio at many pre-game "pep" meetings by ambitious cheer leaders who know the type of song that stirs the student body to action in support of the football team, and instills the fighting spirit into the gridiron warriors.

In response to hundreds of requests from football enthusiasts all over the country, the "Kassels in the Air" dance band under the direction of Art Kassel himself, will play the immensely popular "Betty Co-Ed," a creation of Fogarty and Vallee (the Rudy of Maine Stein Song fame) as the opening number on the "Sign of the Shell" program to be broadcast Saturday, October 25, from 7:30 to 8, Central Standard Time, over the NBC Red network.

### STATE OF MICHIGAN

In the Probate Court for the County of Crawford.  
In the matter of the petition of Grover C. Dillman, State Highway Commissioner for the State of Michigan, for condemnation of private property for public highway purposes in Beaver Creek township, Crawford County, Michigan.  
At a session of said Court held at the Court House in the Village of Grayling in said county on the 11th day of October A. D. 1930.  
Present: Hon. George Sorenson, Judge of Probate.

It appearing to the Court that Grover C. Dillman, State Highway Commissioner for the State of Michigan has this day filed in the Court a petition praying for the appointment of three Court Commissioners to appraise the damages to be paid as compensation for the taking of an easement for public highway purposes in, over, and upon certain private property therein described, and it appearing to the Court that the said Grover C. Dillman, State Highway Commissioner for the State of Michigan, did on the 4th day of September A. D. 1930, make and file in his office a written determination of the necessity of improving the highway known as trunk line road number 7, S. 27 in Beaver Creek township, Crawford County, Michigan, by constructing the necessary grade and drainage structures and surfacing to a width of twenty feet with asphalt on gravel, in accordance with a survey thereof and plans and specifications made under the supervision and direction of said State Highway Commissioner, and the necessity for taking an easement for public highway purposes in, over, and upon the particular private property therein described, and the damages which in his opinion should be paid as compensation for the taking of said easement in, over, and upon each parcel of said property, in accordance with the provisions of Act 352, Public Acts 1925, as amended, and that all proceedings thereafter were in accordance with said Act as amended, that the said petitioner has taken or is about to take possession of the property described in said determination in, over, and upon which it is necessary to acquire such easement for said public highway purposes, that the said petitioner has been unable to agree with the persons interested as owners or otherwise in any of the said described property on the damages to be paid as compensation for such taking, that the description of said property and the names of the persons interested therein as owners or otherwise, so far as known, who reside in the county of Crawford, Michigan, are mentioned in the attached descriptions as being residents of other counties, or states, are as follows:

## EASY! QUICK! GLYCERIN MIX FOR CONSTIPATION

Simple glycerine, buckthorn bark, saline, etc., as mixed in Adlerika, relieves constipation in TWO hours! Most medicines act on only lower bowel, but Adlerika acts on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Adlerika give stomach and bowels a REAL cleaning and see how good you feel! Mac & Gidley, druggists.

Mr. and Mrs. Paul Ziebell enjoyed a visit over the week end from their daughter and husband, Mr. and Mrs. Fred Catlin of Toledo.

Mrs. Rasmus Jorgenson is visiting her daughter Mrs. Ralph Warner in Detroit for a week or so. Miss Helga spent the fore part of the week there.

The officers and members of Grayling Lodge F. & A. M. will visit Ancient Landmarks lodge at Saginaw next Saturday night at which time our degree team will confer the third degree. The officers desire that a large attendance of Grayling members accompany them on this visit.

Mrs. Clara McLeod returned home Saturday from Bay City where she has been for several weeks. She was accompanied by her daughter, Mrs. Charles Woodbury, husband and daughter Mary Lou, who remained over the week end. Mrs. McLeod has been assisting her daughter in the care of Mr. Woodbury's father who is very ill. Mrs. McLeod will return to Bay City again after a couple of weeks stay at her home here.

Mrs. Enos Jennings and daughter, Margie are spending a couple of weeks visiting her parents in Bay City.

Don't forget the L. N. L. annual sale Saturday afternoon, October 25th at the Red Cross room. 10-16-2

H. C. McKinley has been assisting in the Avalanche office the past ten days, during the absence of A. E. Martin, who is spending the time in Charlotte.

Miss Maxine Collins has moved her beauty culture business, known as the Marinello Shop from the Olson barber shop to upstairs in the Alexander building, that was formerly occupied as a dental office. She is all settled and ready for business.

Mrs. Leo Jorgenson entertained a number of boys and girls, playmates of her little daughter Leone, Tuesday of last week in honor of the latter's 5th birthday. Leone received some pretty gifts. The children were treated to a delicious lunch served by Mrs. Jorgenson.

This afternoon the annual flag rush and other contests will be held by the classes of Grayling school. The rivalry is always very keen and affords a lot of fun for the spectators. The affair ends with a banquet at 6:00 which will be held in the banquet room of Michelson Memorial church.

Gito Cox was delightfully surprised when the members of the Birthday Club walked into his home early Saturday evening to remind him he was a year older. Cards were enjoyed. Mr. Cox received some nice gifts and he also won the penny prize. Mrs. Cox served a delicious lunch at 12:00 o'clock. The guests left at a late hour wishing him a happy birthday. Mrs. T. P. Peterson and daughters are leaving Friday for Vassar. They will be accompanied by Miss Helen Pond who will spend the week end at Bay City.

Mrs. Andrew Peterson entertained over the week end her son Thorwald of Oklahoma City, Mr. and Mrs. Benjamin Short and Miss Emma Peterson of Detroit.

Mrs. A. J. Joseph left Monday night for Jackson and Detroit. At Jackson she will attend the convention of the Michigan State Federation of Women's Clubs.

Mr. and Mrs. Edward W. Cregue Jr. and children of Flint were in Grayling Saturday and Sunday visiting at the Rasmus Rasmussen home. Mrs. Rasmussen seems to be a little improved.

Mrs. Mary Ewalt of Mackinaw spent the first of the week with Mr. and Mrs. Emil Niederer and family. She was on her way home after spending a month visiting in Flint and Lapeer.

Several flocks of geese have been seen this week flying over Grayling on their way southward for the winter. Their noises are heard far in the distance or before they come into sight. They say this is a sign of cold weather.

If they call the new highway on Michigan avenue an "emulsified asphalt PAVEMENT" then we don't understand the meaning of the word pavement. We hope that the "pavement" is a whole lot better than we think it is.

Workmen are busy at Mercy Hospital making an excavation to build an elevator shaft. Funds sufficient to build the shaft were received from a benefactor, which the Sisters of Mercy are most thankful for. After the shaft is built it will be no matter to have an elevator installed, which no doubt will be forthcoming soon.

Miss Vella Hermann entertained her Sunday School class Thursday night, the affair being given in honor of Miss Dorothy Roberts. Other guests besides Miss Dorothy included Misses Lura Enign, Jean Thorne, Estelle Larson and Wilma Burrows. Games were enjoyed and the hostess served a delicious lunch.

Mr. and Mrs. Alfred Hanson and Miss Irene McKay returned last Wednesday night from a most delightful motor trip of exactly two weeks. On leaving Grayling they went to Boston, where they took in the National American Legion convention, and visited the many places of interest in the east including Niagara Falls. On leaving Boston they made a trip into Canada, which took them to Quebec and Montreal. The weather was ideal and they report the roads wonderful and it resulted in one of the pleasantest trips anyone of them had ever taken.

Wm. McCullough of Detroit spent the week end with his parents, Mr. and Mrs. C. O. McCullough.

Mr. and Mrs. James Brooks and Miss Alice DeFrain of Cheboygan visited at the home of Bert DeFrain last week.

Mr. and Mrs. Jake Letzkus have returned after a several weeks stay in Lansing, and moved to the H. B. Smith lodge on the South branch where Mr. Letzkus will be caretaker.

Mrs. Towne of Harrison is visiting her daughter, Mrs. Eva Ruff, who is in the employ of John Cowell. She expects to remain in this city for some time.

Twenty-three of the Peterson families enjoyed a potluck dinner with Mr. and Mrs. Emil Niederer Sunday. The affair was given in honor of Mr. and Mrs. Guy Peterson of Bay City who were guests of Mr. and Mrs. Otto Peterson.

Mr. and Mrs. Louis Herbison left Monday night for Churubusco, Ind. They were called there by the death of Mr. Louis Scattergood. Mrs. Scattergood is the daughter of Albert Grouleff of Muncie, Ind., and a niece of Mrs. Torkild Boeson.

For the pleasure of her daughter, Miss Beatrice, Mrs. T. P. Peterson entertained twelve little friends at a very delightful birthday party Thursday afternoon, Miss Beatrice being nine years old on that day. Guests included: Phyllis Hewitt, Monica Hewitt, John Henry Peterson, Junior McNamara, Jennie Peterson, Natalie Peterson, Ruth Burrows, Corinne Burns, Mary Jane Joseph, Elsie Olson and Virginia Peterson.

The Crawford County Grange No. 134 had a picnic at the home of Alvin Richter, on Sunday. Everyone had a fine time playing games and visiting. Prizes for "Cootie" were won by Nancy Metherell, Dorothy Richter, Ivan Jackson, and Mrs. Seeley Wakeley. "Mrs. Casey" was also enjoyed, prizes being won by Mrs. Chas. Corwin, Stanley Hummel, Mrs. Wakeley and Mrs. Robarge. The Grange are giving a bake sale at the Grayling Hardware Co., November 8th.

Our Gung met at Oak Grove Farm last Thursday with Mrs. Corwin as hostess. Twenty-two members and guests were there. Mrs. Margaret Harvey and Mrs. Roy Wolcott were guests. This was very nearly a full attendance as only one member was absent. The afternoon was spent in trying the quilt for the Fair. Mrs. Sidney Robarge won the contest prize. Mrs. Percy Budd received a lovely birthday gift. Mrs. George Chase carried home the beautiful handmade bedspread made by Miss Velma Barger. The penny prize was won by Mrs. Margaret Harvey, a guest. The Committee served a very nice lunch and Velma Barger treated the ladies to some very tasty candy. Our next meeting will be October 30 at the down river home of Mrs. Paul Feldhauser.

The remains of Mrs. Fannie E. Eickhoff, who died at her home in Carlisle, Indiana, were brot to Grayling Tuesday for burial. Interment was in Elmwood cemetery beside the remains of her husband Charles Eickhoff and son Winfield. Accompanying the remains were a son, A. J. Eickhoff, a teacher in the deaf school at Flint, and a daughter, Mrs. H. E. Taylor of Niagara Falls. The Eickhoff family at one time resided in Grayling—about 1901.

Mrs. Rasmus Bay of Corvallis, Montana is the guest of her sister, Mrs. Lars Rasmussen, arriving the fore part of last week and expecting to remain until the last of this week. Mr. and Mrs. Bay have just returned from a pleasure trip to Denmark, and when they landed in New York, Mrs. Bay came directly to Grayling, while her husband went on to their home in Corvallis. Miss Carrie Johnson and niece, Miss Erma Jones of Flint arrived Tuesday to visit at the Rasmussen home and to accompany their aunt Mrs. Bay as far as Flint, where she will visit for a week or so before continuing her journey home.

The regular meeting of Grayling Post 106 Monday night was turned into a social affair, following the installation of officers, sandwiches, cake and coffee being served by the committee. The following officers were duly installed: Alfred Hanson, post commander; Harry Hemmingson, vice commander; Roy Milnes, adjutant; Wilfred Laurant, finance officer. C. E. Hagle will conduct a photograph studio in the Avalance building beginning next Monday. He has been in the photo business in Miami, Florida, for the past eight years, and was the rotagravure photographer for the Miami Daily News. He spent the summer in Michigan and says that he does not intend to return to Florida until the winter tourist business begins. Mrs. Hagle is a daughter of Mrs. R. D. Bailey of Gaylord.

#### MASONIC CORNER-

#### STONE LAID

(Continued from first page)

Dr. C. R. Keyport, chairman of the finance committee, said that everyone spoke of the building committee but it was the finance committee that has to do the scheming. In the future, he said, it will be charge for banquets and cigars, instead of the lodge furnishing them free as it has in past years. When the new temple is completed there must be new arrangements for financing the lodge. It is up to everyone to do his bit.

R. R. Burns, superintendent of Grayling schools, said that during the past fifteen years he had been associated with Masons and that he had enjoyed the lodge. He asked the question: What is the object of lodges, churches and schools? He answered his own question by saying "To teach real citizenship. It is the functioning of all these institutions that makes better citizens. Are our schools really teaching these things or are they sticking to Latin, algebra, etc? The time is coming when we must teach character."

T. P. Peterson, a member of the building committee, said that he believed that the others had told enough about that part of the lodge affairs.

Introduced by the W. M. acting as Toastmaster, Brother J. W. Greenwood entertained the audience to some amusing anecdotes, and then in serious vein suggested that no matter how well we build in brick and mortar, Masonry in Grayling was only as strong as the living stones which made up the temple of brotherhood; that none of the stones could be anything but part of a dead and useless structure unless they were related to, and infused with the spirit of the Master Mason of Men, the chief corner-stone, to which once the builders rejected but which has now become the head of the corner. He also emphasized the fact that the home and school and the church were busily engaged in preparing these "living stones" elsewhere, and that fraternalism was possible only insofar as it drew its constituency from these sources.

With another musical number by Mrs. Clippert and Mr. Pennycook the meeting closed and once more a red letter day was written into the history of Grayling lodge No. 356, F. & A. M.

#### FIVE AMENDMENTS TO BE VOTED ON

(Continued from first page)

This, we believe, is the most vital question submitted on the ballot and we believe should be voted down. If passed it will place the Detroit interests in entire control of State matters. Rural Michigan will have little, if any, voice in the conduct of State affairs. Detroit and other large cities will cast a big vote favoring the amendment, as it will give the more power in the legislature. Here is an amendment that should be voted down. Vote NO. Every taxpayer should make it his business to encourage his neighbors to vote NO on this amendment. Even if the voters may have no interest in the other questions on the amendment ballot and does not care to make a choice, there is every reason why he should vote on No. 4. Therefore we urge our voters everywhere in the county, regardless of their political belief, to help to kill this amendment. It will need the vote of every voter in the rural districts of Michigan to defeat it. Therefore.

Vote NO on the fourth amendment.

The Fifth Amendment—Relative To Cigarette Tax

The fifth and last amendment on the ballot is a referendum on proposed law to impose a specific tax upon the sale, etc., of cigarettes. No doubt there will be considerable sentiment in favor of this amendment, for if passed, it would add to the revenue of the State. On the other hand we hear a tremendous resentment to the proposed law, claiming that it is unfair and impartial. We have our own ideas in reference to it but the provisions of the bill are so simple that they require no suggestion from us. Anyone who is eligible to vote should be able to determine how to vote on this amendment.

It is not our idea to tell our readers how they should vote upon these amendments. Rather our suggestions are intended only as an aid to those who may care to have our suggestions. The amendments are printed in full in this issue of the Avalanche just as they will appear on the ballot and the reader should familiarize himself as to their merits. We have given our suggestions in accordance with our ideas of the questions as they appear to us at this time. However on the questions of reapportionment, as shown in the fourth amendment, we wish to urge its defeat and hope that it will be decisive.

#### BUT A SMALL PART

We think about the cost of accidents in terms of insurance premiums and insurance payments.

The amount paid out under state laws for industrial accidents is very large. Yet it is estimated that the insurance awards are but a fifth of the cost of the accident to the person who is injured. A few hundred dollars may be secured for an accident which is a source of expense and lost time for many years.

What does this mean? It means that accident prevention work is vastly more important than we sometimes believe. It cannot be measured in terms of insurance. It is a greater thing than that. Its humanitarian aspect is of far greater importance than its material side.

To help prevent accidents in industry, on the road, anywhere, is a useful service.

#### Philippine Racial Groups

There are among the Filipinos 43 ethnographic groups, and the homes and customs of these groups differ.

Mr. Rockefeller Builds  
The Bull Is Honest  
Are We Turning Chinese?  
A Troubled World

On January 1 John D. Rockefeller, Jr., will begin construction of his great civic center in the heart of New York.

A good business man, he probably wants some income from the property, for which he has been paying ground rent to Columbia college at the rate of \$3,000,000 a year.

The younger Mr. Rockefeller devoting time and energy to building, to admirably useful restoration of ancient, priceless buildings, and to construction of a great center in New York, reminds you of the Medici family, of whom the founder strongly resembled John D. Rockefeller, Sr.

The older Medici made money, organized commerce.

The younger generation spent the money employing Michael Angelo, Raphael and others.

Mr. Sidney Franklin, born in Brooklyn, and perhaps possessing ancestors that lived three thousand years ago on the Island of Crete, went to Spain, became a bull fighter. Now he goes into vaudeville, safer than the bull ring, and says bull fighting is absolutely a "fair, honest, pure" sport, because "no way has been found to bribe the bull." In that respect, bull fighting is unlike prize fighting.

The extremely able Manchester Guardian, Great Britain's most solemn and substantial newspaper, worries about us. The editor thinks our gangsters are of the same breed as Chinese bandits, and "our civilization is falling."

Let us hope that the Manchester Guardian is too gloomy. Our gangsters shoot each other Chinese bandits don't do that.

Chinese bandits kidnap women, cut off a finger, or an ear, and send it back with a request for cash. Our gangsters have not adopted that method.

Troubles all over the world. In Spain, students burn a picture of the king, and Berenguer, prime minister, closes the University of Barcelona.

Before burning the picture, the students cut out the head, mounted it on a pole and paraded with it.

That is a mild but unpleasantly close imitation of French revolutionists. They cut off the head of a public official that advised peasants to eat grass if they had no bread. The mob stuffed the dead mouth with grass, put the head on the end of a pole, and paraded with it.

A strike in the Edison factory at Orange, N. J., was necessary perhaps, if it be a fact that wages were reduced.

But any workman knowing what Edison has done for workers must find it hard to call a strike against him.

Thanks to Edison, millions are at work all over the world at good wages, and millions live in comfort unknown before Edison's work began.

Mussolini greets and thanks Americans honoring the name of Virgil, which emphasizes the difference in age between this youthful country and Mussolini's.

The direct descendants of Virgil's race in Rome, Mantua and elsewhere, are celebrating the two thousandth anniversary of his birth.

A powerful race is that of Italy, and Mussolini is as strong in will and execution as any of the Caesars.

If anybody asks "How long will the depression last?" reply "How long does a cold in the head last?" It depends on who has the cold, how much of a cold it is, and what you do after you get it.

This country is rich and powerful enough to throw off this chill of depression, and anyhow it is comforting to know that even a heavy cold does disappear.

Kingsford-Smith sets a new flying record, flying from London to Allahabad, India, in five and a half days.

Airplanes may crash and dirigibles break in two, but fliers are not discouraged. The history of man has been one of unconquerable effort.

That's why he rules the earth, and all earth's inhabitants except the microbes.

Bears "That destroy public confidence" by selling short in Wall Street, have been told in firm language to "lay off," and have lain off. The stock exchange wants no quarrel with the Department of Justice, no investigation of sacred Wall Street accounts.

The old statement that bears and short selling are necessary to make business good and active seems borne out by the dullness of the market and the falling prices.

Dinosaur eggs found originally in Tibet have been discovered in America. The "hen" dinosaur that laid them was about eighty feet long. Standing up she could look over tall trees.

These strange animals of all sizes once covered and apparently dominated the earth. Some carnivorous, lived on the others, peaceful vegetarians.
